- There are three categories of restoration. Please see the excerpt below from the OT Rules.

Excerpt from §370.3, Restoration of a Texas License, regarding Restoration Methods:

(a) Restoration of a license expired one year or more to a person with a current license or occupational therapy employment:

(1) The Board may restore a license to a person whose Texas license has been expired one year or more if the person:

(A) is currently licensed in another state or territory of the U.S. and that license has not been suspended, revoked, cancelled, surrendered or otherwise restricted for any reason; or

(B) if not currently licensed in another state or territory of the U.S., is applying from the U.S. military or a non-licensing state or territory of the U.S. and can substantiate occupational therapy employment for at least two years immediately preceding application for a Texas license.

(2) The person shall meet the following requirements:

(A) submit a completed restoration application form as prescribed by the Board;

(C) submit documentation of the completion of training on human trafficking as described in Chapter 367 of this title (relating to Continuing Education);

(D) submit a verification of license if the Board cannot verify the applicant's history of licensure in occupational therapy, including disciplinary action. If the applicant is not currently licensed in a state or territory of the U.S. and is applying from the U.S. military or a non-licensing state or territory of the U.S., a completed verification of employment form as prescribed by the Board must be submitted substantiating occupational therapy employment for at least two years immediately preceding application for a Texas license;

(E) pass the jurisprudence examination;

(F) pay the restoration fee; and

- Refer to the related announcement on the homepage, <https://ptot.texas.gov>, for instructions on how to submit your fingerprints. The individual is not required to submit fingerprints if the individual has previously satisfied fingerprinting requirements as per the OT Rules for the renewal, restoration, or initial issuance of the license or change of license status.
- For restoration fees, which are non-refundable, visit the website, <https://ptot.texas.gov>, and from the sidebar, select “Look up Fees.” Submit your payment by check or money order (made payable to ECPTOTE) with this application.

See the OT Restoration page for further information regarding the requirements.
- Submit an Employment History Form if you are applying for restoration under §370.3(a) and you are not currently licensed in another state or territory of the U.S., but are applying from the U.S. military or a non-licensing state or territory of the U.S. and can substantiate occupational therapy employment for at least two years immediately preceding application for a Texas license. This training is part of the 36 hours of CE required to restore a license expired at least one year but less than two years to a person without a current license or occupational therapy employment as per §370.3(b).
- Restoration requirements must be met within one year of the Board's receipt of the application. - After all required items have been received and the license has been restored, the individual may verify the license expiration date from the Board's license verification web page.
- The individual whose license has been restored may provide occupational therapy services according to the terms of the license upon online verification of current licensure and license expiration date from the Board's license verification web page.
- If you are a military service member, military veteran, or military spouse, please see §370.3 and the final page of this application.
