Social Security Number (SSN) Notice

Effective September 1, 2026, a valid Social Security Number (SSN) will be required for issuance, renewal, or restoration of a PT or PTA license. This includes applications for initial license by examination and endorsement and renewal or restoration of an existing license. This change reflects recent guidance from the Texas Office of the Attorney General.

For Initial license Applications by Examination or by Endorsement:

If you submitted an application prior to September 1, 2026, you can continue to submit the licensure requirements. An SSN Statement attesting that you do not have an SSN will no longer be acceptable in lieu of a valid SSN. Not having a valid SSN will only affect the final issuance of a license.

After September 1, 2026, you can complete and submit the **PT License Application** form found online at https://ptot.texas.gov/forms/ and continue with the steps for applying for a license. Not having a valid SSN will only affect the final issuance of a license.

For License Renewal or Restoration:

You can complete the steps for renewing or restoring your license. Not having a valid SSN will only affect the final renewal or restoration of your license.

If you have an SSN but previously submitted an application with an invalid SSN, complete and submit the SSN Form found online at https://ptot.texas.gov/forms/.
